Federal Rule of Civil Procedure 45 (c), (d), (e), and (g) (Effective 12/1/13)**(c) Place of Compliance.**

(1) For a Trial, Hearing, or Deposition. A subpoena may command a person to attend a trial, hearing, or deposition only as follows:

- (A) within 100 miles of where the person resides, is employed, or regularly transacts business in person; or
- (B) within the state where the person resides, is employed, or regularly transacts business in person, if the person
 - (i) is a party or a party's officer; or
 - (ii) is commanded to attend a trial and would not incur substantial expense.

(2) For Other Discovery. A subpoena may command:

- (A) production of documents, electronically stored information, or tangible things at a place within 100 miles of where the person resides, is employed, or regularly transacts business in person; and
- (B) inspection of premises at the premises to be inspected.

(d) Protecting a Person Subject to a Subpoena; Enforcement.

(1) Avoiding Undue Burden or Expense; Sanctions. A party or attorney responsible for issuing and serving a subpoena must take reasonable steps to avoid imposing undue burden or expense on a person subject to the subpoena. The court for the district where compliance is required must enforce this duty and impose an appropriate sanction—which may include lost earnings and reasonable attorney's fees—on a party or attorney who fails to comply.

(2) Command to Produce Materials or Permit Inspection.

(A) *Appearance Not Required.* A person commanded to produce documents, electronically stored information, or tangible things, or to permit the inspection of premises, need not appear in person at the place of production or inspection unless also commanded to appear for a deposition, hearing, or trial.

(B) *Objections.* A person commanded to produce documents or tangible things or to permit inspection may serve on the party or attorney designated in the subpoena a written objection to inspecting, copying, testing, or sampling any or all of the materials or to inspecting the premises—or to producing electronically stored information in the form or forms requested. The objection must be served before the earlier of the time specified for compliance or 14 days after the subpoena is served. If an objection is made, the following rules apply:

- (i) At any time, on notice to the commanded person, the serving party may move the court for the district where compliance is required for an order compelling production or inspection.
- (ii) These acts may be required only as directed in the order, and the order must protect a person who is neither a party nor a party's officer from significant expense resulting from compliance.

(3) Quashing or Modifying a Subpoena.

(A) *When Required.* On timely motion, the court for the district where compliance is required must quash or modify a subpoena that:

- (i) fails to allow a reasonable time to comply;
- (ii) requires a person to comply beyond the geographical limits specified in Rule 45(c);
- (iii) requires disclosure of privileged or other protected matter, if no exception or waiver applies; or
- (iv) subjects a person to undue burden.

(B) *When Permitted.* To protect a person subject to or affected by a subpoena, the court for the district where compliance is required may, on motion, quash or modify the subpoena if it requires:

- (i) disclosing a trade secret or other confidential research, development, or commercial information; or

- (ii) disclosing an unretained expert's opinion or information that does not describe specific occurrences in dispute and results from the expert's study that was not requested by a party.

(C) *Specifying Conditions as an Alternative.* In the circumstances described in Rule 45(d)(3)(B), the court may, instead of quashing or modifying a subpoena, order appearance or production under specified conditions if the serving party:

- (i) shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship; and
- (ii) ensures that the subpoenaed person will be reasonably compensated.

(e) Duties in Responding to a Subpoena.

(1) Producing Documents or Electronically Stored Information. These procedures apply to producing documents or electronically stored information:

(A) *Documents.* A person responding to a subpoena to produce documents must produce them as they are kept in the ordinary course of business or must organize and label them to correspond to the categories in the demand.

(B) *Form for Producing Electronically Stored Information Not Specified.* If a subpoena does not specify a form for producing electronically stored information, the person responding must produce it in a form or forms in which it is ordinarily maintained or in a reasonably usable form or forms.

(C) *Electronically Stored Information Produced in Only One Form.* The person responding need not produce the same electronically stored information in more than one form.

(D) *Inaccessible Electronically Stored Information.* The person responding need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the person responding must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

(2) Claiming Privilege or Protection.

(A) *Information Withheld.* A person withholding subpoenaed information under a claim that it is privileged or subject to protection as trial-preparation material must:

- (i) expressly make the claim; and
- (ii) describe the nature of the withheld documents, communications, or tangible things in a manner that, without revealing information itself privileged or protected, will enable the parties to assess the claim.

(B) *Information Produced.* If information produced in response to a subpoena is subject to a claim of privilege or of protection as trial-preparation material, the person making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has; must not use or disclose the information until the claim is resolved; must take reasonable steps to retrieve the information if the party disclosed it before being notified; and may promptly present the information under seal to the court for the district where compliance is required for a determination of the claim. The person who produced the information must preserve the information until the claim is resolved.

(g) Contempt.

The court for the district where compliance is required—and also, after a motion is transferred, the issuing court—may hold in contempt a person who, having been served, fails without adequate excuse to obey the subpoena or an order related to it.

SCHEDULE A

DEFINITIONS

As used herein, the following terms have the meanings indicated below:

1. Petitioner incorporates the Uniform Definitions in Discovery Requests and rules of construction set forth in Rule 26.3 of the Local Rules of the United States District Courts for the Southern and Eastern Districts of New York (the “Local Civil Rules”).

2. “**SWIFT**” means the Society for World Interbank Financial Telecommunication.

3. “**MT**” (“message text”) means the traditional message type for use on the SWIFT network.

4. “**MX**” means the XML message type for use on the SWIFT network.

5. “**Electronically Stored Information**” (“ESI”) means, without limitation, the following:

- a. information that is generated, received, processed, and recorded, and/or maintained by or in computers, databases, systems, network drives, shared spaces, external and removable media, and other electronic devices and sources, including, without limitation, voicemail, email, Instant Messaging systems, and transaction processing, and ledger systems;
- b. internal or external websites and other shared spaces;
- c. output resulting from the use of any software program, database, or other system, including, without limitation, word processing Documents, spreadsheets, database files, charts, graphs and outlines, electronic mail, SWIFT portal, SWIFT database, AOL Instant Messenger™ (or similar programs) or bulletin board programs, operating systems, source code, PRF files, PRC files, batch files, ASCII files, and all miscellaneous media on which they reside and regardless of whether said electronic data exists in an active file, a deleted file, or file fragment;
- d. activity listings of electronic mail receipts and/or transmittals; and any and all items stored on computer memories, hard disks, floppy disks, CD-ROM, magnetic tape, microfiche, flash memory, thumb drives, memory sticks, and related media used to move and store data, such as, but not limited to, a personal digital assistant, e.g., Palm Pilot, Blackberry, or similar device, and file folder tabs, or containers and labels appended to, or relating to, any physical storage device associated with each original or copy of all Documents requested herein; and

e. archived data, legacy data, and back-up tapes.

6. **“Document”** is defined to be synonymous in meaning and equal in scope to the usage of the term “documents or electronically stored information” in FRCP 34(a)(1)(A). A draft or non-identical copy is a separate document within the meaning of this term per FRCP 34(a)(1)(A) or Rule 26.3(c)(2) of the Local Civil Rules.

7. The words “include” and “including” mean “including but not limited to.” The use of the term “include” in any request shall not be used to limit the generality or scope of any request. Nor shall the generality of any request be limited by the fact that another request touches on the same topic with a greater or lesser degree of specificity.

8. The words “relating to” means regarding, relating to, involving, concerning, referring to, describing, evidencing, constituting, relevant to, or in connection with, either directly or indirectly.

9. **“Action”** means the above-captioned case.

10. **“Petitioners,” “Judgment Creditors,”** or **“Glacial Capital and TRSE Holdings”** means the entities named as Petitioners in the Action, including any agents, predecessors, successors, parents, subsidiaries, departments, divisions, joint ventures, partnerships, and other branches or affiliates (including any organization or entity that the respondent manages or controls, or special-purpose entities established by the petitioner or an affiliate thereof), together with all officers, directors, employees, subsidiaries, affiliates, agents, or other person acting (or purporting to act) on behalf of the foregoing.

11. **“Respondent,” “Judgment Debtor,” “The Province of Buenos Aires,” “the Province,”** or **“the PBA”** means the entity named as Respondent in the Action, including any agents, predecessors, successors, parents, subsidiaries, departments, divisions, joint ventures, partnerships, and other branches or affiliates (including any organization or entity that the

respondent manages or controls, or special-purpose entities established by the respondent or an affiliate thereof), together with all officers, directors, employees, subsidiaries, affiliates, agents, or other person acting (or purporting to act) on behalf of the foregoing.

12. “**You**” and “**Your**” means the recipient of this subpoena and its officers, directors, employees, subsidiaries, affiliates, agents, or other persons acting (or purporting to act) on its behalf.

13. The terms defined above and the individual requests for production and inspection are to be construed broadly to the fullest extent of their meaning in a good faith effort to comply with the FRCP or any applicable laws.

14. All words not defined in these Definitions or in Local Civil Rule 26.3(c) shall be construed using their plain and ordinary meaning. If more than one meaning can be ascribed to a word, the meaning (or combination of meanings) that would make a Document be covered by the requests for production should be used, unless You provide written notice of the specific ambiguity and state the definition of the word used to exclude the Document from the scope of the request.

15. These Definitions are provided only for purposes of discovery, in conformance with FRCP 34(a), and are not intended to be used for any purpose other than discovery. Petitioner reserves the right to modify these Definitions or utilize different Definitions for any other purpose.

INSTRUCTIONS

1. You are requested to produce all non-privileged Documents and other things described below that are within Your possession, custody or control, or in the possession, custody or control of Your attorneys, directors, officers, agents, employees, representatives, associates, division affiliates, partnerships, parents, or subsidiaries, and persons under their control.

2. A Document or other thing is deemed to be in Your actual or constructive

possession, custody or control if it is in Your physical custody or if it is in the physical custody of any other Person and You (a) have a right, by control, contract, statute, order or otherwise, to use inspect, examine or copy such Documents on any terms; (b) have an understanding, express or implied, that You may use, inspect, examine or copy such Documents upon any terms; or (c) have, as a practical matter, been able to use, inspect, examine or copy such Document when You sought to do so. Such other Persons include record retention vendors, and technology, data, or other 3rd party IT, cloud or other service providers.

3. Unless otherwise indicated, these requests seek Documents and Communications concerning the time period from January 1, 2013 through present. If any Document, Communication, or other information is dated outside of the Relevant Time Period but is necessary for a complete understanding of a Document or Communication covered by the requests, such Document outside of the Relevant Time Period shall be produced. If any Document or Communication is undated and the date of its preparation cannot be determined, the Document or Communication shall be produced if otherwise responsive to the requests.

4. Each Document or other thing requested shall be produced in its entirety along with all non-identical versions thereof and without abbreviation or redaction. Further, all attachments, enclosures, cover letters, memoranda, and appendices shall also be produced. If a Document or other thing responsive to any request cannot be produced in full, it shall be produced to the extent possible, with an explanation stating why production of the remainder is not possible. Any alteration of a responsive Document or other thing, including notes, underlining, stamps, drafts, revisions, modifications, and other versions, is a separate Document or other thing and is to be produced as a separate Document or other thing. For all Documents and other things, any family relationship should be captured and reflected in the production. Further, if any portion of any Document is responsive to any request in this subpoena, the entire Document is to be

produced. A Document with handwritten, typewritten or other recorded notes, editing marks, etc., is not and shall not be deemed to be identical to one without such modifications, additions, or deletions.

5. Documents and other things not otherwise responsive to a request shall be produced if such materials mention, discuss, refer to, or explain the materials called for by a request, or if such materials are attached to materials called for by a request (*e.g.*, routing slips, transmittal emails, transmittal memoranda, letters, cover letters, comments, evaluations, or similar materials).

6. Each request shall be answered on the basis of Your entire knowledge, from all sources, after a reasonable and good faith inquiry has been made and a search has been conducted.

7. All Documents produced pursuant to this subpoena are to be produced as they are kept in the usual course. All responsive ESI that is maintained in the usual course in electronic format shall be produced in its native format along with the software necessary to interpret such files if such software is not readily available, with the metadata normally contained within such Documents, and the necessary load files. If such metadata is not available, each Document shall be accompanied by a listing of all file properties concerning such Document, including, but not limited to, all information concerning the date(s) the Document was last accessed, created, modified, or distributed, and the author(s) and recipient(s) of the Document. If production in native format is impossible or impracticable, ESI may be produced in non-proprietary format, such as such as .xls, .csv, .jpg, .tif, or .pdf, or other agreed upon format, at the highest resolution available along with the metadata normally contained within such Documents.

8. Documents in large or complex formats, such as large Excel-format spreadsheets or accounting databases, for which non-proprietary format imaging would alter the presentation of the data, should be produced in their native format.

9. For each data file provided, You should separately provide a control file reflecting the search protocol utilized to obtain such data file.

10. ESI should not be produced in a form that removes or significantly degrades the ability to search the ESI by electronic means where the ESI is ordinarily maintained in a way that makes it searchable by electronic means.

11. File folders with tabs or labels or directories of files identifying documents shall be produced intact with such documents.

12. Documents attached to each other shall not be separated. All documents that respond, in whole or in part, to any portion of any request shall be produced in their entirety, including all addenda, appendices, attachments and enclosures.

13. If there are no Documents or other things responsive to any particular request, Your response shall state so in writing.

14. In the event that any Document or other thing called for by these requests is withheld on the basis of a claim or privilege or immunity, that Document or other thing is to be identified as required by Rule 26.2 of the Local Civil Rules. Any purportedly privileged Document or other thing containing non-privileged material must be produced, redacting only the portion purportedly privileged.

15. If You have any good faith objections to any request or any part thereof, the specific nature of the objection and whether it applies to the entire request or to a part of the request shall be stated in accordance with FRCP 34. If there is an objection to any part of a request, then the part objected to should be identified and Documents and other things responsive to the remaining unobjectionable part should be timely produced. Further, if You object to part of a request, You must state the basis of Your objections in accordance with FRCP 34.

16. In the event that any Document or other thing responsive to these requests has

been lost, discarded, or destroyed, that Document or other thing is to be identified by stating as completely as possible: (a) the authors or creators of the material, (b) all persons who received copies of the material, including any indicated and blind copy recipients, (c) the present custodian of the material, (d) the date of the material, (e) the material's date of destruction or discard, manner of destruction or discard, and the reason for destruction or discard, and (f) the persons authorizing and carrying out such destruction or discard.

17. Each production shall be submitted with a transmittal letter or email that includes the case caption, production volume name, encryption method/software used if applicable, and passwords for any password protected files if applicable.

18. Upon request, counsel for Petitioner will provide to You an electronic copy of this subpoena in Microsoft Word document file format to facilitate Your answering the request below.
